

Stillness Attracts

A LIVING, LUMINOUS WORLD WHERE BUTTERFLIES WANDER FREELY ACROSS SHIFTING LIGHT. THE SPACE RESPONDS TO EVERY PRESENCE, LETTING MOVEMENT RIPPLE THROUGH THE SCENE LIKE WIND THROUGH A MEADOW. WHEN SOMEONE CHOOSES STILLNESS, THE BUTTERFLIES DRIFT TOWARD THEM, GATHERING GENTLY AS IF DRAWN TO THE QUIET THEY CREATE, A MOMENT WHERE CALM BECOMES VISIBLE.

Youssef Lyoussfi
